Dear Commissioner:

Please update the entity status of the above captioned patent. The patent holder no longer wishes to assert a claim of entitlement to small entity status. In reviewing the file, we noticed that the fees paid to date had been paid as a small entity when they should have been paid as a large entity. Status as a small entity was established in good faith but it has been later discovered that such status as a small entity was established in error. Accordingly, pursuant to 37 C.F.R. 1.28, Applicant herein provides a separate submission for the '547 patent, an itemization including each particular type of fee that was paid as a small entity along with the current fee amount for a non-small entity, the small entity fee actually paid and when, the deficiency owed amount, and the total deficiency payment owed, and payment for the total deficiency payment owed.
